SEGMENT WE SERVE

BEING "YOUR ONE STOP HUMAN RESOURCE SOLUTION"
WE DO PROVIDE TOTAL WORKERS MANAGEMENT AND SERVICES SUCH AS:-

Our Experience

We have an extensive experience and reputation from being a company that can complete construction projects of a delicate and complex nature, including electrical and mechanical works. Tuhama Contracting Company is one of the leading Saudi companies specializing in the work of contracting in various disciplines, we started strongly in 1976,

based on a strong experience and creative intellectual and powerful human energies. We have achieved an impressive successes and we are still achieving which created our competitive position in the market as one of the main pillars in the construction sector in the kingdom.

Our Experience
is Our Advantage

Our Services

We enjoy the extensive experience

We have expanded our field of work to include the execution of the highest quality construction projects, where the stages of work begin with a feasibility study for the project and the initial design development, followed by the detailed design and construction process and construction work and then the phase ends with the construction work after that of maintenance and operating, including government buildings, commercial buildings, industrial buildings, educational institutions.

Our Aspirations

The continues pursuit of excellence, which the company has always seek to transform it into a reality that enables it to provide the best engineering and contracting services to its Clients, which opened up new horizons to work in a spirit of excellence and forecast the expected financial estimates in the next years. We always strive to keep up with the latest technologies and modernity in the world of contracting.

OUR ORGANIZATION STRUCTURE

Our values and principles

We strive in a sustainable way

- We strive in a sustainable way to implement the innovative concept in the construction works and infrastructure to provide everything that is creative according to the latest science and engineering theories. With our full commitment in the embodiment the effective partnership to achieve success and full satisfac
- Transparency, trust and credibility with Clients, subcontractors, and allies in engineering projects in the region.
- Client satisfaction is our first concern and priorities. High professional quality, credibility and honesty, transparency and clarity, Innovation and creativity, fast performance and execution, and developing the skills of the Engineering, Technical and Administrative staff of the company.
- We work on creating a unique value every day, and we pledge to be better each year than before

What Distinguishes Us

1 45 Years of experience

Since 1976, we have started by a constant struggle and a hectic race to achieve advanced positions in the field of contracting, we have gone through all the stages, we have passed the odds, and we have made it to become a part of our daily life that is indispensable.

3 Development and Training

Investing is the most successful investment ever, as well as our principle of selectivity in selecting competencies is based on personal skills such as positive, striving for continuous training and embracing core values such as cooperation and credibility, we build efficiency of our team, the career development was one of their rights, as we were keen to hone their skills and continue to provide a healthy working environment and adopt a policy of motivation, all to ensure their comfort thus to get the maximum productivity and quality as this is what we gain.

2 Pioneers in contracting and con-

It is not easy to take the lead in a large and challenging sector such as the contracting sector and will not pass the intense competition except by excellence. Long experience and high quality with the use of the latest technologies and mechanisms guaranteed for us an advanced leadership position. Our ability to execute projects, no matter how large and high quality, has strengthened our position as one of the important and essential pillars of the constructing sector in the Kingdom.

4 Innovative and effective solutions

Our research and development team is taking care of this task, the traditional solutions are no longer satisfying our ambitions. Technical and technological methods are in spectacular twist which inspire us to offer solutions and services which satisfy our passion, and therefore, expect to hear what the unexpected, and see what you don't imagine, but you will be definitely happy with it.

Our Style

CLIENT STATEMENT

Keeping up with modern technology in all of our activities:

The technology is a practical and effective weapon in all journals, our research and development team informs us about the latest technologies and solutions, and they decide the best methods and how to use them and optimize them to achieve the best results for us and our clients.

Commitment to our responsibility towards our community:

Our sense of responsibility towards our society stems from the fact that we are an integral part of this society, our sense of being a part of its members, we participate in its construction and proud to play our role in it with competence and love that extends its effects to the whole society categories.

Integrity:

Tuhama Contracting is committed to promoting and implementing the highest standards of ethical conduct. We ask all our employees, suppliers and business partners to work in accordance with our ethical principles. All forms of bribery, corruption, immoral behavior and activities cannot be tolerated.

Our human Cadres

From the beginning we realized that our employees are our most precious, and through their dedication and keenness to achieve the principle of high quality in the finest details, they have been the credit of where we are right now, leading the rapidly growing Saudi market. Our selection policy is based on employing qualified technicians from all over the world, and in addition to the highly qualified management team, the technical department consists of engineers who have a solid experience in engineering and construction matters and who seek to support specialized groups of technicians in different fields according to the specific requirements of each project are also our source of pride and glory

Our Quality

The quality factor is confirmed at Tuhama Contracting Company, as every employee at Tuhama is eager to stick to the highest quality in each of the company's various activities. The company has executed number of massive projects using the latest international technologies and the highest specifications and requirements in terms of quality, relying on a complete and highly qualified team dedicated to follow the application of quality standards. The company implements the comprehensive quality system in its implementation of all business.

We never stop do innovation & Experience.

OUR WAY

SAFETY

Every person who works with our company is considered a part of the extended family. The ability for people to come to work, return safety and injury free is our first priority. We operate a safety management system to help us achieve our goal of zero harm, and we continually strive to improve our safety procedures.

ENVIRONMENT

Our company is renowned for its environmentally conscious approach to projects, with our commitment to ecologically responsible contracting at the forefront of everything we do. As a contractor, we make every effort to responsibly carry out development projects, marking environmental considerations a top priority. In addition, we are proud to operate an environmental management system.

SUSTAINABILITY

We understand true sustainability can only be achieved by effectively managing the environmental, economic and social aspects of a business. Therefore as a contractor, we make every effort to responsibly carry out development projects, marking environmental considerations a top priority.

QUALITY

Quality is More than just delivering an outstanding project it's a way of life, our team endeavors to incorporate quality controls into all facets of the business.

THANK YOU :)
